

Resolution No.: 16-1544  
Introduced: September 28, 2010  
Adopted: October 26, 2010

**COUNTY COUNCIL  
FOR MONTGOMERY COUNTY, MARYLAND**

---

By: Councilmembers Knapp, Elrich, Leventhal and Navarro and Council President Floreen

---

**SUBJECT:** Termination of Clarksburg Town Center Development District

**Background**

1. On March 4, 2003, the County Council adopted Resolution 15-87. A copy of Resolution 15-87 is attached as Exhibit A.
2. Resolution 15-87 created the Clarksburg Town Center Development District ("District") in an unincorporated area of Montgomery County encompassing approximately 247 acres.
3. Resolution 15-87 listed specific infrastructure items that would be financed by the District (see Exhibit C attached to Resolution 15-87).
4. Resolution 15-87 created the "Clarksburg Town Center Development District Special Fund" ("Special Fund") and required that the proceeds of any special assessment, special tax, fee, or charge levied under County Code §14-10 for properties located in the District be paid into the Special Fund.
5. Resolution 15-87 required that the Special Fund, together with any other assets or revenues of the District, be used to pay any bonds issued by or for the District and to replenish any debt service reserve fund established for those bonds.
6. Resolution 15-87 authorized the County Council to impose on all properties located in the District the following special assessments and taxes sufficient to pay the principal of, interest on, and any redemption premiums on, bonds issued by or for the District and to replenish the debt service reserve fund for the bonds:
  - (A) A benefit assessment on undeveloped property;
  - (B) An ad valorem tax on all real property located in the District, in addition to existing County ad valorem taxes on property located in the Clarksburg Town Center area; and
  - (C) A benefit assessment on commercial property, whether developed or undeveloped.

7. The County Council has not adopted a resolution authorizing the issuance of bonds for the District. The County has not issued any bonds for the District or imposed any special taxes or assessments on property located in the District.
8. County Code §14-16(d) authorizes the County Council to terminate the District by resolution approved by the County Executive.
9. Maryland Code Article 24 §9-1302, added by Chapter 617 of the Acts of 2010 (SB 828 – Special Taxing District – Transportation Improvements Exemption from County Tax Limit), authorizes the funding of transportation improvements through a property tax that is not subject to the County Charter’s property tax limit.
10. Because a Clarksburg Town Center Development District has been created but never implemented, residents have purchased and occupied homes for years under a cloud of uncertainty.

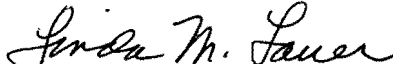

**Action**

The County Council for Montgomery County, Maryland approves the following resolution:

As authorized by County Code §14-16(d), the Clarksburg Town Center Development District is terminated.

The County Council must appoint a Clarksburg Infrastructure Working group to review and prioritize the necessary infrastructure items for the Clarksburg area and propose suitable mechanisms to finance the recommended infrastructure items. The Working Group should issue its report and recommendations by April 1, 2011 for review by the Council and Executive.

**COUNTY COUNCIL  
FOR MONTGOMERY COUNTY, MARYLAND**

By: County Council

---

**SUBJECT:** Clarksburg Town Center Development District

Background

1. Chapter 14 of the Montgomery County Code, which is the development district law the County Council enacted in 1994, establishes a procedure by which the council by resolution may create a development district.
2. Under County Code §14-6, a petition to create a development district must be signed by at least 80% of the property owners in the proposed district and the owners of 80% of the property in the proposed district by value.
3. On July 5, 2000, the sole owner of the property proposed to be included in the Clarksburg Town Center Development District filed with the Council a petition containing sufficient signatures to establish a development district in that area as provided in §14-6.
4. As required by §14-6(a), the Council held a public hearing on this petition, after due notice, on August 1, 2000. On September 26, 2000, as required by §14-6(b), the Council adopted Resolution No. 14-648 stating its intent to create a development district in the area, finding that intensive development of and public investment in that area during the term of the proposed district will benefit the public interest. This resolution was approved by the County Executive.
5. As required by County Code §14-7, on March 22, 2001, the Chairman of the Planning Board sent a letter to the County Executive, indicating that the Planning Board had unanimously approved the application filed by the Petitioners for the Clarksburg Town Center Development District, finding that the proposed development district complies with all applicable zoning and subdivision requirements under Code §50-35(k) and that the proposed district satisfies the Adequate Public Facilities requirements of the Annual Growth Policy for a development district, subject to certain conditions.

6. As required by County Code §14-8, on October 17, 2002, the County Executive issued a fiscal report evaluating the proposed Clarksburg Town Center Development District, in which the County Executive estimated the cost of each infrastructure improvement listed by the Planning Board under §14-7(c), the amount of revenue needed to cover the District's share of all infrastructure improvements, and the estimated tax rate for each form of taxation available to the District that would produce the necessary revenue. The Executive's fiscal report recommended the creation of a development district, with certain addition infrastructure recommended, and with other modifications to the proposed infrastructure items to those which had originally been submitted in the petition filed by the property owner, and certain funding and revenue-raising measures to fund those improvements.
7. As required by County Code §14-9, the Council held a public hearing on the final resolution to create a development district, after public notice, on December 10, 2002.

#### Action

The County Council for Montgomery County, Maryland approves the following resolution:

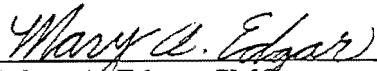

1. The Clarksburg Town Center Development District (the "District") is hereby created in an unincorporated area of Montgomery County, encompassing approximately [262.8] 247 acres more specifically described in attached Exhibit A. The current tax account number of each property located in the District is listed on attached Exhibit B.
2. The specific infrastructure improvements that will be financed by the Clarksburg Town Center Development District are listed in attached Exhibit C, including the estimated cost related to each improvement, the estimated completion date of each improvement, and the share of that cost which will be financed through the District. All of these improvements are either located in the District, or are outside the geographic boundaries of the District but are reasonably related to the development or use of land in the District. To the extent that any cost savings are realized in the construction of any infrastructure improvement listed on Exhibit C, those cost savings may be applied to the construction of additional infrastructure improvements listed in Exhibit D, in the order listed on Exhibit D. Each additional infrastructure improvement listed on Exhibit D is either located in the District or is outside the geographic boundaries of the District but is reasonably related to the development or use of land in the District.
3. The estimated cost of the infrastructure to be financed by the District includes a contingency for unexpected cost overruns, which ranges from 20% - 30% of the estimated aggregate cost of the infrastructure.

4. Under County Code §14-11, a special fund is hereby created for the District and designated the "Clarksburg Town Center Development District Special Fund". Any special assessment, special tax, fee, or charge levied under County Code §14-10 for properties located in the District is pledged to the Clarksburg Town Center Development District Special Fund, and the proceeds from any such special tax, special assessment, fee, or charge must be paid into the Clarksburg Town Center Development District Special Fund. Any bonds which the County Council authorizes to be issued by or for the District must be repaid through the proceeds of funds in the Clarksburg Town Center Development District Special Fund, together with any other assets or revenues of the District pledged to secure their repayment, and those funds and other assets or revenues must also be used to replenish any debt service reserve fund established for those bonds.
5. The County Council may by resolution impose on all properties located in the District the following special assessments and taxes sufficient to pay the principal of, interest on, and any redemption premium on the bonds to be issued under separate resolution of the Council, and to replenish the debt service reserve fund for the bonds:
  - A. a benefit assessment on undeveloped property in a rate or amount set by the Council;
  - B. an ad valorem tax on all real property located in the District with the specific rate set by the Council annually, which will be in addition to existing County ad valorem taxes on properties located in the Clarksburg Town Center area; and
  - C. a benefit assessment on commercial property, whether developed or undeveloped, in an amount set by the Council in the resolution authorizing the issuance of bonds for the District.
6. The County Council may increase the rate of any tax or rate or amount of any assessment imposed in this resolution to the extent an increase is needed to pay the principal of, interest on, and any redemption premium on the bonds to be issued for the District and to replenish the debt service reserve fund for the bonds. The original and any later resolution setting the rate of a tax or rate or amount of any assessment must limit the maximum special tax or assessment applicable to each individual property in the District and must prohibit any increase in or extension of the term of the maximum special tax or assessment applicable to any individual property because of delinquency or default by any other taxpayer. The Council may also decrease the rate of any such tax or rate or amount of any assessment to the extent that debt service requirements for the bonds are reduced in later years. The maximum tax rates set by the Council must be listed in a declaration filed in the Land Records of Montgomery County, which declaration must encumber all real property located in the District and designate that this property is subject to a development district. This declaration and the obligation

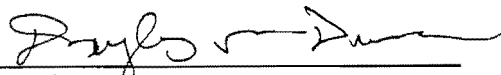

of the property owners in the District to pay all benefit assessments, special taxes, and ad valorem taxes takes effect when the County issues the bonds with respect to the improvements located in the District as authorized by County Code §14-12, and terminates when the Director of Finance records a release stating that all such bonds have been fully repaid.

7. Any property which is fully developed before [the proposed inclusion of that property in] the District is created is exempt from any special assessment, special tax, fee or charge imposed by this and any later resolution, and the owner of any property exempt from payment under this paragraph which is later developed more intensively and benefits from any development capacity attributable to infrastructure improvements financed by the District must pay any special assessment, tax, fee or charge that it would otherwise have paid.
8. The County may enter into an Implementation Agreement with the owner or developer of any property located in the District to address the disbursement of funds from the Clarksburg Town Center Development District Special Fund, the mechanics for reimbursements from other sources for infrastructure costs, and other matters as each owner or developer and the County may agree.
9. Before any bonds are issued to finance infrastructure improvement related the to the District, the County Council must adopt one or more bond resolutions as provided in County Code §14-13.

This is a correct copy of Council action.

MEMORANDUM

November 5, 2010

To: Nancy Floreen, Council President

From: Isiah Leggett, County Executive 

Subject: Resolution 16-1544, Clarksburg Town Center District Development

On October 26, 2010 the Council passed Resolution 16-1544, which terminates the Clarksburg Town Center Development District (CTCDD). The resolution was presented to me that same day for signature.

I am returning Resolution 16-1544 to the Council unsigned because I believe that termination of the CTCDD without an alternative financing plan in place for the roads that would have been financed by the district leaves the Clarksburg community with too much uncertainty regarding the goal of achieving the long awaited Clarksburg Town Center. The Clarksburg community would have been better served if Council had identified a substitute financing plan for the required infrastructure which does not rely on the County's General Fund or General Obligation debt capacity before terminating the CTCDD.

Resolution 16-1544 calls for the Council to appoint a work group to review and prioritize the necessary infrastructure items for the Clarksburg area and propose suitable mechanisms to finance the recommended infrastructure items. It is critical that this group include community, developer, and Executive staff representation. In order to be consistent with the Clarksburg Master Plan, it is also critical that the work group focus on developing a plan that does not rely on General Fund or General Obligation debt funding to support the required infrastructure.

I remain committed to working with the Council to resolve the longstanding issues surrounding infrastructure funding in the Clarksburg area.
